CGPA: 8.7

SKILLS

Programming Languages	HTML5, CSS3, Java, Python
Libraries/Frameworks	React.js, JavaScript (ES6+)
Tools / Platforms	Vs Code, Eclipse, Git
Databases	SQL

PROJECTS / OPEN-SOURCE

PORTFOLIO WEBSITE | Link   HTML5, CSS3 & JavaScript (ES6+)

Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript to showcase education, technical skills, projects, certifications, and contact information. Implemented smooth scrolling, animated section transitions, and interactive navigation with a fixed header for enhanced user experience. Integrated dynamic icons, hover effects, and external link redirections to GitHub and LinkedIn profiles. Optimized layout for cross-device compatibility and deployed the site to demonstrate strong frontend development fundamentals.

TASK BUDDY | Link   HTML5, CSS3, React + Vite with JavaScript(ES6+)

Built a modern, responsive task management application using React (Vite) to demonstrate strong front-end development skills and clean component architecture. Implemented features including task creation, deletion, status toggling (complete/incomplete), filtering and sorting functionality, and persistent data storage using LocalStorage. Applied best practices such as state lifting, reusable component design, and modular CSS styling to ensure scalability and maintainability. Designed an accessible and user-friendly interface optimized for performance and deployment on GitHub Pages.

CERTIFICATIONS

- Full Stack Java 6 Weeks Long - Term Internship - ExcelR
- HTML and CSS 3 Months Internship - Brain O Vision
